The global leader in IP access control systems

An introduction to 2N

2N

Over 30 Years of Reliable Innovation

1991

2N is founded in Prague

1999

2N introduced the **first elevator** cabin **communicator**

2008

We invent the world's **first IP intercom**

2015

Our first complex **IP access system** is developed

2016

2N becomes part of the **AXIS group**, strengthening our resources and network

We also launched the **2N® Mobile Video** service
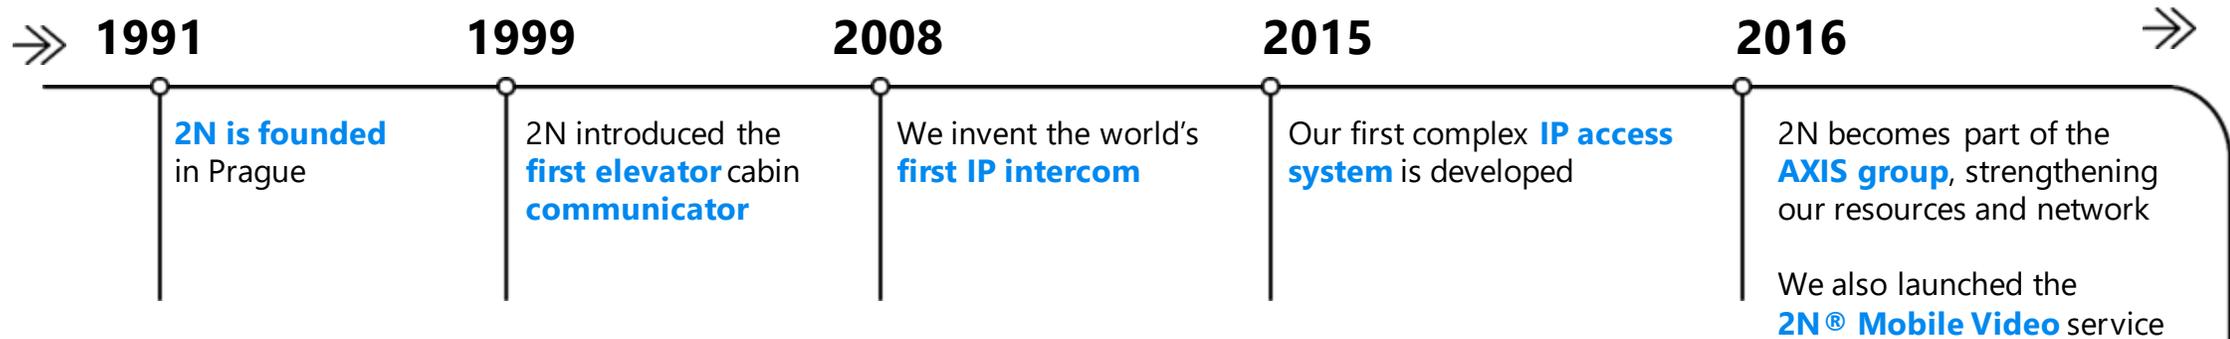

Innovation remains at the heart of our strategy for future growth

2023

The **2N® Clip** answering unit is released: bringing the power of IP to every home

We launch the **2N® IP Verso 2.0**: second generation of the world's most modular intercom

2021

The **2N® IP Style** is launched and defines the future standards of video intercoms

And **WaveKey** – the fastest, most reliable mobile access on the market!

2020

Answering unit portfolio expanded to include 2N® Indoor View and 2N® Indoor Compact

2018

We introduce the **2N® Indoor Touch**, our first answering unit with Android support

Our success is built on
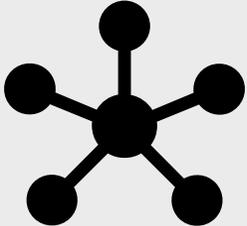

Our extensive global distribution network

Successful projects completed in over 125 countries worldwide
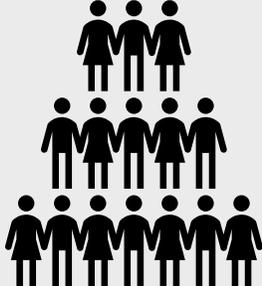

450 dedicated and talented employees

Our shared vision of becoming the #1 intercom manufacturer in EMEA and North America by 2025

The four pillars of our success

1

We have become an industry leader in innovation

2

We value long-term, loyal partnerships

200 developers

13% of revenue invested into R&D

400+ features and improvements added in a single year

Multi-language technical support

Multi-language marketing

3-year device warranty

Supportive sales journey

The four pillars of our success

3
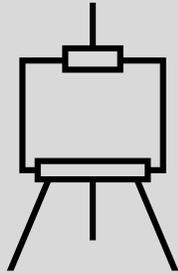

We prioritize design – because our customers do

4
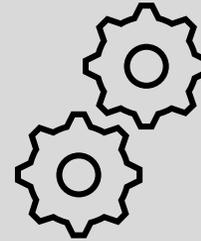

We embrace the power of integration

And we have the awards to prove it:

2N® IP Verso
2N® LTE Verso
2N® Indoor Touch 2.0

2N® Indoor Talk

Extensive, fully documented API (HTTP API, REST API, 2N® Partner API)

Open standards and proprietary protocols ONVIF, RTSP/ RTP, SIP

Compatible with more than 300 leading office and home automation solutions

reddot award winner

iF DESIGN AWARD 2019

www.2n.com

Our products are designed to make our customers' lives better, easier & more secure

Innovative Solution

Modern IP technology

Smart features and analytics for enhanced security

Efficient, secure remote management from any location through the cloud

High quality audio and video with post-processing capabilities

Integration

Open protocols allowing the integration with third-party systems

Bluetooth, smartphone and tablet enabled

Quality

High-quality materials: steel, glass and aluminum

Expertly made in the European Union

Reliability

Award-winning design

Protection from cyber attacks

Dust, water and impact resistant

Online monitoring, notifications and immediate troubleshooting

2N Revenue

Our revenue growth has led us to the number-one spot in the worldwide IP intercoms market.

Why 2N

Complete solutions

Intercoms, smart access readers, answering units and mobile-ready solutions for end users: we have everything you need.

Reliability

Premium devices with long equipment lives. Futureproof solutions with new features for free with every 2N OS update.

Local Support

Active sales and technical support. Worldwide sales representatives and distributor chain.

Endless Integration

2N devices are built on open protocols, allowing for easy integration with 3rd party solutions.
Remote Management

Connect to the product remotely and handle 4 out of 5 of your customers' requests from your home or office.

3 Year Warranty

We make high quality products that last. Purchase an extended warranty of 5 years for extra assurance, too.

Creating the future of letting people in and up
